USER GUIDE

Thank you for purchasing 1K NEON Color.
Please read this paint manual before using the product.

Green NEON

Orange NEON

Blue NEON

Limegreen
NEON

Pink NEON

Yellow NEON

1K NEON Color is a 1 K type color that's applicable WITHOUT any hardener.
Generally neon color paints can be difficult to apply due to its natural tendency to wash out.
However our NEON Color is made out of special pigment so it is easier to apply without color wash-out.

1. Use sand paper to pre-condition before application.
2. Use white base color. (SHOW UP Base Color micro bottle air white-EBC07MCB recommended)
3. After applying the base color, 1K NEON color to be applied.
4. Our colors relatively cover well by air brushing 3-5 times to finish. Prepare to dilute the paint 80~100%.
5. Finish up 1 K Neon application followed by top coat clear.

Precaution for use:

Get medical attention immediately, in case of feeling sick, ill or unwell while using the product. Promptly wash eyes with plenty of water if inhaled or gets in the eyes. Get medical help if irritation continues.
Wear protective clothes such as masks, protective gloves and avoid inhaling the vapor for a long time. Keep the product in the cold place in order to avoid fire hazard.
