

Instruction

Thank you for purchasing KAI. Please read this manual carefully before use.

1. Always perform pre-treatment such as cleaning, degreasing, sanding and priming before painting.
2. Dilute with SHOW UP Thinner for Hobby to 100-150% and use.
3. Apply in several thin coats rather than one thick coat.
4. For a glossy finish, we recommend using SHOW UP Multi Clear Gloss.
For a matte finish, we recommend using SHOW UP Multi Clear Matte.

[SHOW UP Multi Clear](#)

Precautions for Use: If you feel any abnormality in your body during or after use, seek medical advice immediately. In case of contact with eyes or mouth, rinse thoroughly with plenty of water and seek medical advice immediately. Wear a mask, protective gloves, and protective clothing during work, and avoid prolonged inhalation. Additionally, do not leave in high-temperature areas or near open flames as there is a risk of ignition.
